Curriculum Vitae

Education

Doctor of Philosophy, Geosciences Stony Brook University, Stony Brook, New York	2025
Bachelor of Science, Geology <i>Magna Cum Laude</i> Portland State University, Portland, Oregon	2019
Bachelor of Fine Arts, Writing <i>Highest Honors, Department Award for Academic Achievement</i> Pratt Institute, Brooklyn, New York	2009

Research

Earth Commons Postdoctoral Fellow Extreme hydroclimate events in eastern North America Advised by Dr. Dagomar Degroot Georgetown University	2025 – Present
Graduate Research Assistant Three records of the Cenozoic Turkana Basin from stable isotopes of soil carbonates and waters Advised by Dr. Gregory Henkes Stony Brook University Department of Geosciences	2019 – 2025
NSF Research Experience for Undergraduates Stable isotopes of surface water across Sauvie Island, Oregon Advised by Dr. John Bershaw Portland State University Center for Climate and Aerosol Research	Summer 2018

Teaching

Co-instructor, Environmental Data to Lead Change Georgetown University Earth Commons	Fall 2026
Co-instructor, Environmental Data Visualization Georgetown University Earth Commons	Fall 2026
Guest Lecturer, Climate change in history Georgetown University Department of History	Spring 2026
Guest Lecturer, Environment and Sustainability Capstone Georgetown University Earth Commons	Spring 2026
Teaching Assistant, Sedimentation and Stratigraphy Stony Brook University Department of Geosciences	Spring 2020 & 2025
Guest Lecturer, Isotope Geochemistry Stony Brook University Department of Geosciences	Spring 2023 & 2024
Guest Lecturer, Climate change and human evolution Stony Brook University Department of Anthropology	Spring 2022 & 2023

Curriculum Vitae

Continued

Teaching Assistant, General Chemistry Stony Brook University Department of Chemistry	Fall 2020
Teaching Assistant, Geology Field School Turkana Basin Institute and Stony Brook University	Fall 2019
Teaching Assistant, Field Geology Stony Brook University Department of Geosciences	Fall 2019

Awards

Three Minute Thesis Finalist Stony Brook University	2023
Distinguished Travel Award Stony Brook University Graduate Student Organization	2022
Excellence in Teaching Award Stony Brook University Department of Geosciences	2021
David E. King Field Work Award Stony Brook University Department of Geosciences	2019 & 2020
Pieper Merit Award Stony Brook University Graduate School	2019
Best Poster Association of Engineering Geologists Oregon Chapter Student Poster Night	2019

Leadership & Service

Member, American Association of University Professors Georgetown University Chapter	2025 – Present
Graduate Peer Mentor Program Coordinator Stony Brook University Department of Geosciences	2024 – 2025
Graduate Seminar Coordinator Stony Brook University Department of Geosciences	2023 – 2025
Organizer, Communications Workers of America Local 1104 New York	2020 – 2025
Graduate Student Liaison Stony Brook University Department of Geosciences	2021 – 2023

Professional Organizations

International Society of Nonbinary Scientists	2021 – Present
Geological Society of America	2019 – Present
American Geophysical Union	2018 – Present

Professional Activities

- Session Chair, Climate Change & Earth, Environmental, and Atmospheric Sciences
First International Symposium of Nonbinary Scientists 2025
- Co-Convener, Exploring changes in climate, flora, and fauna of Africa through the Cenozoic
Geological Society of America Connects 2023
- Participant, Preparing for an Academic Career in the Geosciences
National Association of Geoscience Teachers Earth Educators' Rendezvous 2023

Invited Talks

- Brown University — Climate and Environment Lunch Bunch Series Spring 2024
- City College of New York — Earth and Atmospheric Science Seminar Fall 2023
- Stony Brook University — Society for Women in Marine Science Speaker Series Fall 2023

Publications

- Saslaw, M.**, Stinchcomb, G. E., Minya, A., Shedroff, S., Munoz, A., Esber, R., Batlay, A., Liutkus, C., Miller, E., Beck, C. C., Uno, K. T., Feibel C. S., Henkes, G. A. Modeling of soil carbonate stable isotope end-members indicates warm temperatures and C₃ vegetation in the late Early Miocene, Turkana Basin, Kenya. (*in revision*)
